ABOUT US

The Wadihuda Group of Institutions, located in Kannur, Kerala, was established in 1980 with the admirable goals of advancing superior education and enhancing humanitarian services managed by the Ta'aleemul Islam Trust.

The wonderfully integrated curriculum that combines formal education and Islamic studies provides a high level of academic brilliance and instils moral values in our pupils is what distinguishes our school.

Ta'aleemul Islam Trust is a pioneer in the domains of services, education, and socio-cultural activities. In many areas, our goals remain to be achieved. In order to accomplish this, we do need the support and encouragement of all of our well-wishers. We aspire for Wadihuda to be remembered in gilded characters throughout history.

VISION

To be a centre of excellence
nurturing leaders to develop an ideal society

THE WALKING QURAN

Wadihuda Womens Academe (WWA) is offering Hifdul Quran (30 juz) course for girls. It is an initiative inspired from the words of our Prophet "the best among us are those who learn and teach the Quran". Our dream, THE WALKING QURAN, is an embodiment of Quranic verses along with its memorization, as from the words of Aisha (R.A) "his character is Quran" (Muslim).

This unique opportunity for memorizing the holy verses along with formal education to revolutionize the Ummah has been formulated in keeping in mind the scarcity of opportunities in this field.

Integrated Residential Academy

Ibn Al Haytham Academy offers a blended program that includes professional as well as Islamic education. We emphasize the practical application of Islamic sciences in addressing societal issues. Through case studies, research projects, and fieldwork, students develop the skills to analyze and tackle real-world challenges. This approach fosters a deep connection between theory and practice, empowering students to become agents of positive social change.

Naming an Islamic academy after Ibn al-Haytham serves as a reminder of the harmonious relationship between faith and reason, encouraging students and scholars to follow in his footsteps. By invoking his name, the Ibn Al -Haytham Academy seeks to inspire a new generation to upholding the values of Islam, fostering a holistic approach to education that celebrates both spiritual and intellectual growth.
